Press Release – May 16, 2014

Isabella Geriatric Center announces a new certified home health care agency:

Isabella Care at Home, Inc.

Isabella Geriatric Center is pleased to announce the start of our new home care agency, ***Isabella Care at Home, Inc.*** a certified home health care agency (CHHA) that will serve residents of Manhattan, Brooklyn, Bronx, Queens and Westchester. ***Isabella Care at Home, Inc.*** is headquartered at 5073 Broadway, New York, New York 10034.

Isabella Care at Home, Inc. will provide part-time or intermittent care for individuals who are transitioning from the hospital or nursing home to home or those at home requiring skilled services for a limited period of time. Among those services are included: a comprehensive assessment of need, skilled nursing, physical, occupational & speech therapy, nutrition counseling, social services and referrals to appropriate community services as needed.

Isabella Care at Home, Inc. is certified by the New York State Department of Health and the Centers of Medicare and Medicaid Services.

Isabella Care at Home, Inc. is part of Isabella's family of services. Isabella is a non-profit, non-sectarian organization that has pioneered the care of the elderly since 1875. Located in northern Manhattan, Isabella offers a continuum of care to those in need – from the family requiring child care, those needing post-acute rehabilitation to those seeking sensitive support for a senior. Its mission is to provide quality care through diverse programs designed to promote health and independence within and beyond its walls.

In addition to the specialized skilled care offered in its nursing home, Isabella offers many community based programs. Among them are Isabella Visiting Care, Inc. a licensed home care services agency (LCHSA), an Adult Day Health Care Program, Child Day Care Program, two NORC Programs, Senior Housing, a Benefits Enrollment Program and several other community based programs designed to promote education and healthy aging within the community.
